

International Leucaena Conference

Lombok, Indonesia 29th October - 2nd November 2018
<https://leucaenaconference2018.org>

You are invited to attend an international conference on the tree legume leucaena (*Leucaena leucocephala*) and other species in the Leucaena genus to be held in eastern Indonesia from 29th October to 2nd November 2018

The Conference

The most experienced scientists, extension workers, and farmers will be brought together to share their knowledge for the benefit of ruminant livestock and agroforestry industries everywhere. The conference presentations, posters, and major decisions for future work and collaboration (R&D outcomes) will be made available via the online Journal *Tropical Grasslands-Forrajes Tropicales*

Venue and field trips

The Conference will be held at resort Hotel Jayakarta on Lombok Island in the Indonesian province of Nusa Tenggara Barat.

In this region, there has been widespread uptake of leucaena feeding by smallholders. A field visit will be available to see smallholders feeding their cattle 100% leucaena diets. A post-conference field trip will be available in Queensland, Australia to visit successful large-scale leucaena graziers
